New Business: Nurse & Health Agent's Report

Signing of Health Agent's contract was signed by the Vice Chairman and will be given to the Board of Selectman to accept.

Joe Ferrini to discuss 288 Summer St.

The septic was designed and installed for a 3 bedroom house per the assessor's records. The house is actually a 4 bedroom with a garbage disposal. The septic as installed meets the State

Title 5 requirements, but not the town requirements for 125% capacity. Discussion was held regarding the fact that the system is in good material and the extra capacity would be unlikely to make a difference. A revised plan would be required as well as site work to add onto the system. The health agent and several members were concerned about setting a precedent by allowing the 125% regulation to be waived.

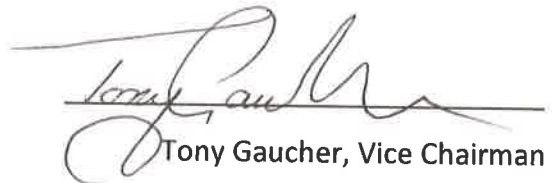

Motion to deny the request made by T.Gaucher, 2nd by K.Eyer, approved with G.Kellum IV abstaining.

Next meeting is scheduled for June 22, 2021 at 7pm via zoom.

Motion made to adjourn at 7:55pm made by M.Hass, 2nd by G.Kellum IV, approved.
