FOR IMMEDIATE RELEASE

Rehoboth Community Electricity Aggregation has been Renewed through November 2025

Rehoboth, MA – (October 18, 2023): Rehoboth Community Electricity Aggregation is announcing the renewal of the program through the term December 2023 – November 2025. **Most participants do not need to take any action to remain in the program and receive the new pricing for the product in which they are currently enrolled. Read on for more information.**

“We are happy to offer this program to our residents for another 3-year term.”

Most participants in Rehoboth’s program use “Rehoboth Standard”, which offers the same renewable energy content as National Grid Basic Service. “Rehoboth Standard” participants will automatically receive the new program pricing on their December meter read. Due to requirements from the Department of Public Utilities, participants in the 50% and 100% renewable products must affirmatively re-enroll in a product of their choosing to remain in the program. To re-enroll or change your product selection, call Constellation at (833) 461-0813 or complete an enrollment form on the program site:

MassCEA.com/Rehoboth.

The table below shows the new prices for our program compared to National Grid.

	National Grid Basic Service (If you leave the program)	Rehoboth Standard (Community Default)	Rehoboth Plus
Price	18.213 ¢/kWh - Residential 17.262 ¢/kWh - Small Business 21.450 ¢/kWh - Large Business*	15.784 ¢/kWh	17.372 ¢/kWh
Voluntary Renewable Energy	Meets the state required minimum	Meets the state required minimum	Adds voluntary renewable energy (MA Class I RECs) to total 100%
Duration	November 1 – July 31, 2023 *Large Business: November 1, 2023 – January 31, 2024	December 2023 – November 2025	December 2023 – November 2025
The Program cannot guarantee savings beyond the current term of National Grid Basic Service, as stated in the table above, because future National Grid Basic Service rates are unknown.			

Good Energy, the consultant to the program, will hold virtual public information sessions to answer any questions and provide more information on the renewal of Rehoboth Community Electricity Aggregation. These sessions will be held on:

- Thursday, October 26 at 6:00 PM. Link: <https://meet.google.com/ucj-dxgg-zzm>
- Thursday, November 9 at 2:00 PM. Link: <https://meet.google.com/wat-qttj-xyx>

The voluntary renewable energy content in the Program's optional product comes from projects that qualify as MA Class I renewables and makes a sizable impact on the Town's carbon footprint. Since Rehoboth Community Electricity Aggregation's launch in 2016, participants have cumulatively purchased 90 MWh of renewable energy. This equates to avoiding over 68,220 pounds of carbon dioxide emissions cumulatively.

Over 4,200 accounts participate in the program, a vast majority of the Town's residential, commercial, and industrial electricity users. Participants have collectively saved more than \$7,100,000 since the program's launch in 2016 (please note, future savings cannot be guaranteed).

This is a Town-operated program open to all Rehoboth residents and businesses. To join, complete the enrollment form on the program website: MassCEA.com/Rehoboth or call the program's supplier, Constellation, at (833) 461-0813. Participants may leave the program at any time without fees or penalties. Visit the program website to review all program options available and to submit any questions via the program contact form: MassCEA.com/Rehoboth.
